

ROW SPACING

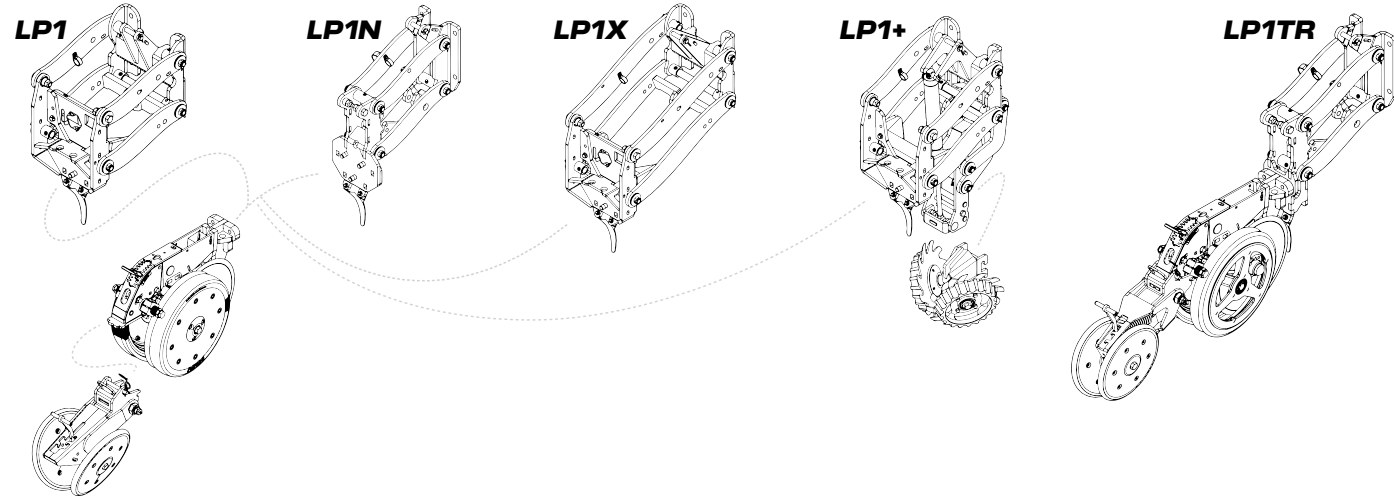

LASERPRO 1
Can be configured individually on any row spacing 14" & wider. Mini-hoppers or seed boxes.

LASERPRO 1N
Can be configured individually on any row spacing narrow as 8", ideal for twin row.

LASERPRO1™ ROW UNITS DO NOT INCLUDE, BUT OFFER COMPATIBILITY* WITH MOST AGLEADER & PRECISION PLANTING PRODUCTS ALONG WITH MOST AFTERMARKET FERTILIZER APPLICATORS, CLOSING WHEELS, ROW CLEANERS, ETC.

*NOTE: NOT ALL PRODUCTS WILL WORK TOGETHER ON ALL MODELS. NOT ALL AFTERMARKET ATTACHMENTS ARE DESIGNED WITH FULL LP1 & LP1N COMPATIBILITY. NO DIRECT AFFILIATION CLAIMED WITH ANY 3RD PARTY COMPANIES.

- 11 **STANDARD EXAPTA VALION SEED TUBE PROTECTOR**
- 12 **STANDARD 15" 3.5MM DISC OPENERS**
Angled at 12.5° for improved performance
- 13 **MINI-HOPPER & SEED BOX SUPPORT OPTIONS**
- 14 **VARIOUS VAPPLY SUPPORT OPTIONS AVAILABLE**

THE LASERPRO1™ ROW UNIT WAS developed from the ground up as an answer to many of the challenges voiced by progressive growers in a market where advanced planting technology outpaced the equipment that moved it through the field. Now the LASERPRO1™ is ready to outlast & outperform.

THE EXTRA NARROW LASERPRO1N™ UNITS ARE DESIGNED FOR 10" & 8" TWIN ROWS WITHOUT SACRIFICING STRENGTH & PRECISION.

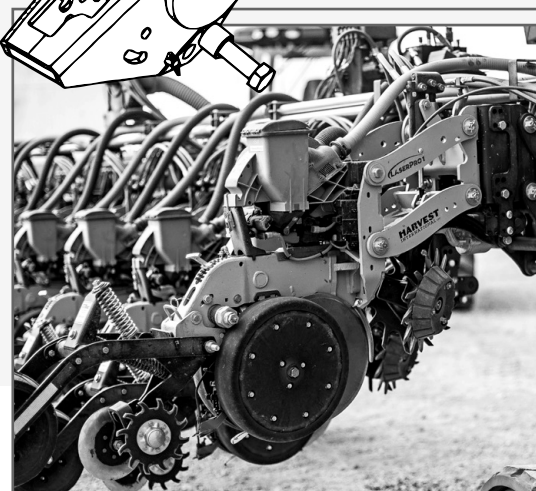

Narrow LaserPro1N for more room to work
Ideal for narrow row spacings

GREASELESS GAUGE WHEEL ARMS + SIMPLE LATERAL ADJUST
Camber adjustment to keep openers true to gauge wheels

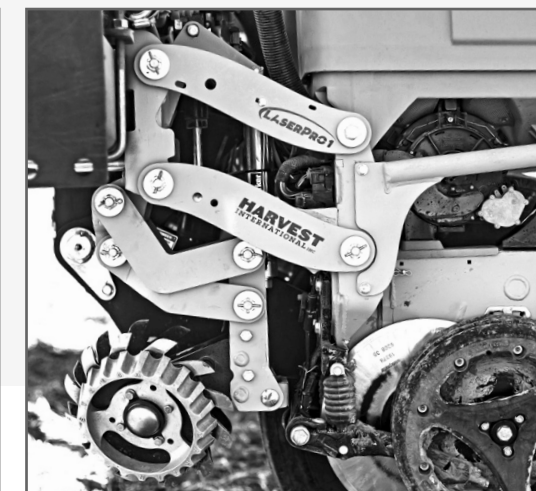

QUICKRELEASE™ CLOSING WHEEL MOUNT
Fast service or closing wheel swap. Pictured with H-I FurrowSpike

LASERPRO1 facilitates a wide range of aftermarket attachments
Compatible with most aftermarket closing wheels & row cleaners

10" row spacing LASERPRO1TR
Also compatible on 30" & 20" Twin Row

LASERPRO1 + integrated LASERSWEEP™ row cleaner
Integrated X-plate mount with no in-field row unit interference

EXTREME HEAVY DUTY PARALLEL LINK ARMS
Tapered oil-infused poly bushings & solid steel anti-twist shaft.
